DESCRIPTION

This striking and distinctive ranch includes all the frills. From the inviting front porch to the screen porch and deck, this home provides dramatic spaces, luxurious appointments, and spacious living areas. The bonus room and basement provide plenty of space for expansion, so this home is one that won't soon be outgrown.

Just beyond the porch is an entry with 11' high ceilings. To the left is the dining room open to the entry and family room, also with an 11' high ceiling. Stairs to the bonus room are directly off the family room. The "U" shaped kitchen is open and includes a breakfast bar. The dramatic master suite is loaded with amenities such as a double step tray ceiling, direct access to the screen porch, a sitting room, deluxe bath, and a "his and hers" walk-in closet. The comfortably-sized secondary bedrooms are connected by a "Jack and Jill" bath arrangement. Unless otherwise noted, the main level ceilings are 9' high. The bonus room has 5' high "knee" walls with ceiling sloping to 8' high.
